

Fade unwanted pigmentation or redness and get glowing!  
Save \$550 on 3 Lumecca IPL and 3 Hydrafacial+ treatments.  
**Transform dry, dull, aging skin with no downtime with this series for \$1500.**

### Lumecca IPL (Intense Pulsed Light):

**Reduces Brown Pigmentation:** IPL treatment is highly effective in reducing pigmentation irregularities such as sun spots, age spots, freckles, and acne scars.

**Reduces Redness and Rosacea:** The highly effective Lumecca helps tremendously with broken capillaries and redness on the nose, cheeks and chin.

**Noninvasive and No Downtime:** You can return to your normal daily activities immediately after the treatment. Redness and mild swelling immediately following the treatment is normal but subsides within a few hours.

### Hydrafacial+ Benefits:

**Deep Cleansing:** Hydrafacial uses a unique suction system to remove impurities and dead skin cells from the skin's surface, leaving it looking brighter and more radiant. The treatment also cleanses the pores, which helps to prevent future breakouts and blemishes.

**Hydration:** The treatment delivers a customized blend of serums and antioxidants directly to the skin, which helps to nourish and hydrate it. This hydration helps to reduce the appearance of fine lines and wrinkles, leaving the skin looking plump and youthful.

**Improves Skin Tone and Texture:** Patients immediately notice smoother, more radiant skin with a reduced appearance of fine lines and wrinkles.
