

Instantly smooth, lift, & restore

3 areas or 3 vials of filler
for \$1800 (SAVE \$450+)

Exp. 11/30/23. No pre-purchasing. Small upcharge for Sculptra, lip filler, and under eye filler.

This month's savings is customizable with dermal fillers by Galderma (Lyft, Kysse, Defyne, Contour, Refyne), Sculptra, and PRF.

A monthly promo that gives you the results you desire, highlights your natural features, and maximizes your investment? Yes, please! This fabulous injection promotion is designed to do just that for you — guaranteed.

You know our saying, "the best results are invisible"? When someone says you look so good and they can't figure out why, *that's* success. That's how we approach every single visit at CSLC.

This promo can be customized:

- Minimize jowls and sunken under eyes. Lift sagging cheeks.
- Smooth fine lines on the cheeks or around the mouth, fade lines in the neck.
- Restore facial volume and shape.
- Naturally define and restore/enhance lip volume.

The **Galderma filler** profile provides ultimate flexibility. You can expect an

instant lift in the cheeks, a smoothing of super fine lines (around the mouth or in the cheeks), or even enjoy beautiful, fuller lips.

The graceful injectable **Sculptra** maintains facial volume and shape by stimulating collagen over 2-3 months, with soft, natural, long-lasting results lasting up to 2 years. If you don't want your face to *sink*, Sculptra should be your treatment of choice.

Platelet-rich fibrin (PRF) is your own natural injectable from a simple blood draw. PRF stimulates all *the good stuff* and is the most versatile of the injectable profile. In aesthetics, we love it for fine lines and to thicken the under eye skin.
